

## To the member of the classes of 2010 and 2011

Those students who will be seniors and juniors during the 2010-2011 school year must take six (6) courses. It is strongly recommended that you list a minimum of four (4) additional (alternate) courses, in addition to the total of six courses. This way you have a better chance of getting a roster that you have had provided input.
